

Watching the Blue Angels from the deck of a sailboat is the only way to go! Be sure to wave at the pilots as they fly inverted, right over your mast. You'll love the show!

Everyone needs a day off once in a while. And what is better than a day on the water sailing? Even better is sailing and airplanes! On Tuesday, May 20th, the Blue Angels are coming to Annapolis, and if it's a nice day, we'll be sailing down the Bay to Annapolis to see them practice.

So if you can play hooky on the 20th, call Ed at 410-296-6428 (H) or email peggypoe@aol.com to see if the trip is on, and to make the final arrangements. The show starts at 2pm. Plan to meet at the boat at 11am. The good ship Ravenous will be raring to go, planning to leave the pier at 11:30 am, and arriving back in the Magothy at approx 5pm. Bring your lunch. We will provide beverages and water.
