

Join the MRSA cruisers for a DOG DAY AFTERNOON CRUISE TO EAGLE COVE. This cruise is a special one. It is planned for families with kids. And especially for our junior training kids who have just finished camp and would like to practice their sailing skills on some bigger boats. We have some MRSA cruisers who would like to invite Junior Training families without sailboats to come aboard and cruise with them.

There will be hot dogs and sodas to be served aboard Ravenous after everyone has enjoyed a short cruise from the Magothy, out to Baltimore Light, and then back into Eagle Cove. Everyone will learn the joys of cruising and rafting up the MRSA way. After some swimming and splashing and plenty of hot dogs and snacks, the afternoon cruise will be complete. All sailors will have had a chance to practice their new skills on some larger boats, that is, if Mother Nature provides the wind. We'll leave the appointed docks at about 1:00 and plan to rendezvous in Eagle Cove for our swim and hot dogs by 4:00.

Call Ed and Peggy Poe at 410-296-6428 or email at [peggypoe@aol.com](mailto:peggypoe@aol.com) if you would like to cruise on DOG DAY AFTERNOON. We need to know if your family would like to cruise aboard Ravenous or one of our other MRSA boats.
