

# Memorial Day Weekend EYC/MRSA/CBC Events

## Directions by Land and Sea to the DNR Lodge at Wye Island

### BY LAND: (allow at least 45 min.)

1. Take Rt. 50 East, approximately 13 mi. from the east end of the Bay Bridge
2. Turn right on Carmichael Rd (at sign for the NWRA and Aspen Institute)
3. Stay on the "main road", which becomes Wye Island Rd along the way
4. About 4 mi. after leaving Rt 50, you cross a small bridge onto Wye Island
5. Continue on the "main road" past a sign saying "Wye Island NRMA Conference Lodge, Trails", etc  
(Do not turn off main road here onto Wye Hall Drive)
6. About 1.5 mi. from the bridge, turn left at sign on your left for "D.N.R. Conference Lodge"
7. Turn left and follow the road to the end

### BY SEA (THERE IS NO LAUNCH SERVICE SO BRING A DINGHY)

Coordinates are: N 38.53.20 and W 76.08.36.

1. Follow your charts up Eastern Bay, Miles River and Wye River East to Granary Creek. Honor all aids to navigation.
2. Stay in the river until you can see straight up the middle of Granary Creek; turn to port and enter
3. There is seven to eight feet of water in the center of the creek fairly far up and to port around the back of the island. Rafting is possible, but please don't block the entrance channel.
4. There is a dock for dinghies in the first bight to port after entering the creek.  
There is also a grassy landing spot farther upstream with a short walk to the lodge.

The Lodge is just inside the entrance on the left- which is also a good anchorage spot.

Sorry, NO DOGS ALLOWED at the DNR Facility. However, dogs can be "walked" toward the end of Granary Creek, on the left side (look for a marker).
